IS52 Head tube			
ZS56 Head tube			

***1**

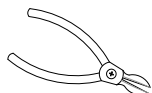

How to use the Multi-Function Top Cover Spacer :

For all systems, add one Multi-Function Top Cover Spacer to the systems when the gap between the headtube and top cover is smaller than specified below:

- Type 1 system: Smaller than 0.5mm.
- Type 2 & Type 3 systems : When the top cover contacts the headtube.

No. ② TK1531-4

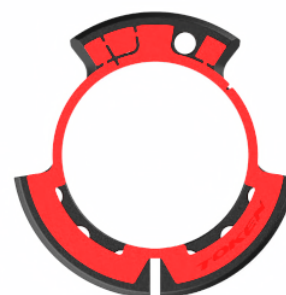

Always remove unneeded parts of the Multi-Function Top Cover Spacer with cutting pliers for best result.
